Petition Opposing a Contaminated Soil Landfill

January 2016

Statlu Resources has applied to the FVRD for a permit to rezone property ten (10 kms) up the Chehalis Forest Service Road for a Contaminated Soil Land Fill (File No. 3360-22-2013-01/3220-20-776.10045.260)

We the undersigned strongly object to this proposal and do not want a contaminated land fill (or any type of a landfill) located in and about the prescribed area
