

HARRISON MILLS REGIONAL ASSOCIATION - "UNITING THE COMMUNITY FOR A BETTER LIFESTYLE"

Hello everyone and a special welcome to those of you who have recently joined us. We are rapidly approaching 100 members in this, only our second year.

We have had lots of activity with our community since our *Spring Newsletter*. As previously reported, we have a group of volunteers within our association who are being further trained to assist in the event of disaster in our community. The Director heading up this program is *Tom Cadieux* who is an excellent choice for developing this local program. He is very organized and fully committed to making our local area well coordinated and ready to face whatever disaster we may have to face. Please see our website for a detailed report written by *Tom Cadieux* on our Disaster Response Team efforts to date.

Thank you for the positive comments we continue to receive regarding our website. *Peter Bryant* and his neighbor at Harrison Lane through their efforts and the generosity of a local contractor obtained a treatment to reduce the dust on the gravel road leading to Highway 7.

Several months ago we launched the **HELPING HANDS** Program. We have helped several very appreciative local citizens with a ride to various appointments. The drivers report very interesting time spent talking with the riders and a great sense of satisfaction. If you have some time and would like to sign on for this worthwhile program, please call *Al Roberts* at **604-796-2372**.

We have been distributing the new **CORPORATE DISCOUNT CARDS** to all paid up members and all outstanding fees will be gratefully received.

UPCOMING EVENTS

A good old fashioned **COUNTRY BARBEQUE** is also in the planning stage when the community can come out, have something to eat and meet their neighbours.

We remain committed to arranging a **VOLUNTEER APPRECIATION LUNCHEON** to be held sometime this fall when the hectic pace of summer yields to signs of fall. Please nominate your candidate who you feel gives time and effort to making *Harrison Mills* a safer and more pleasant place to live.

We had a fairly successful *Community Hall Sale* in the spring and if anyone thinks it is time for a repeat sometime before Christmas, please contact us with your ideas.

We would also like to have another **PUB NIGHT** sometime in the fall so watch for the dates.

Please be safe and enjoy your summer responsibly.

William Wrinch
Director
